

AMOL CHAVAN

Data Analyst

+91 9762554050 | chavanaamol04@gmail.com | [LinkedIn](#) | [GitHub](#) | [HackerRank](#)

SUMMARY

Data Analyst with hands-on experience transforming raw data into actionable insights that improve business performance. Completed training at Innomatics Research Labs, specializing in SQL, Python, Pandas, NumPy, Matplotlib, Seaborn, and Power BI for data visualization and reporting. Skilled in applying data analysis methods to solve real-world problems.

EDUCATION

BSc in Computer Science

2022 – 2025

Dayanand Science College, Latur

SKILLS

Languages: Python, SQL (MySQL)

Python Libraries: Pandas, NumPy, Matplotlib, Seaborn

Framework: Django

Data Visualization: Power BI

Statistics: Descriptive & Inferential Statistics

Tools & Platforms: Advanced Excel

Core Skills: Data Cleaning, Exploratory Data Analysis (EDA), Dashboard Development

Soft Skills: Problem-Solving, Critical Thinking, Collaboration, Adaptability

PROJECTS

Restaurant Price & Trend Analysis — *Python, EDA, Statistics*

- Analyzed restaurant pricing, ratings, and discounts across multiple cities
- Performed data cleaning and EDA to identify regional cost differences
- Identified lower restaurant prices in Ahmedabad and higher prices in Bengaluru compared to other cities
- Concluded that restaurant pricing differs significantly by city location

World Wide Energy Consumption Analysis — *SQL (MySQL)*

- Analyzed global energy data using SQL to understand energy usage across countries
- Used advanced SQL queries (JOINS, subqueries, aggregations) to compare energy consumption
- Identified China as the highest contributor to global CO₂ emissions
- Found that CO₂ emissions per person have increased over recent years

Movie Sales Analysis Dashboard — *Power BI*

- Analyzed movie sales, revenue, ratings, and genre performance using Power BI
- Used Power Query and DAX to build KPIs and identify trend-based insights
- Found that Animation, Adventure, and Sci-Fi movies generate higher average revenue than other genres
- Concluded that both votes and revenue have decreased each year over the past four years
